

Tender # PRD-03-18
Design, Supply and Installation of a Pylon Sign and Rear
Entrance Sign for the Petawawa Civic Centre

Addendum # 2
Wednesday May 14, 2018
1:30 pm

I have received a question regarding location of the rear entrance sign for rendering purposes. Map/satellite imaging that is prior to 2016 will not give you an accurate street view as the rear entrance was realigned in 2016. The same is true for the location of the main pylon sign as Civic Centre Rd. was widened that same summer. I have included with this addendum two pictures that indicate the approximate location of both the main pylon sign and the rear entrance sign. Of course, sign location will form part of the discussions at the site meeting on Thursday May 17th at 2:00 pm.

Proposed location for
rear entrance sign
