WEEKEND UPDATES

Petawawa, ON – Staff continue to review and address the health and safety measures needed for the safe operation and use of our many municipal outdoor recreational facilities. At this time, we are able to bring forward an outdoor summer camp program. This program will be a paired down version of our traditional camp services, with limited space to respect and ensure participant safety. There remains space for some of the camps so if you are interested please register today. Details on the camps can be found on our [municipal website](#).

Staff are working to have the splash pad open with staff supervision for July 6th. Play structures and play feature amenities remain closed as they are not permitted to open yet under provincial guidelines. Other outdoor recreational amenities are open with informational signage on rules of use and safety measures to be followed.

Canada Day is coming up and while we won't be able to celebrate in our usual way we did have the support of so many Petawawa and area businesses who have collaborated to bring forward the 12 Days to Canada Day Giveaway. There is still time to win a couple of backyard Canada Day packages. Visit the [PBAN Facebook](#) page to play. Visit the municipal website for [contest details](#).

We wish to remind everyone to maintain a vigilant observance to the recommended public health measures which include physical distancing, washing or sanitizing your hands regularly and staying home if you are unwell. Please adhere to the gathering restriction, newly increased, of no more than ten people and ideally limit your exposure only to a select group of those individuals. Adhering to these measures will ensure the health and safety of all.

Enjoy the outdoors and please be safe.
